

# \$150,000+

3,000 Latino attendees, 2,000 feather boas, 22 buffet stations, countless bartenders, 1 historic train station turned shopping mall transformed into a Roaring 20s Speakeasy Latin Dance Club equals one crazy night!

The 7 month planning process involved our team working with three separate catering contacts, countless hours of walk throughs and pages and pages of detailed time lines. Our team, along with a crew of trusted vendors, turned our client's dream of transporting their attendees to another time into a reality. Our partnership with our vendors was the true star of the event, showcasing that no one person can do it all alone. The event was a huge success and went off with a bang!
